Abstract:

See below. Determination available in abstract form only. Included under "Letter" field to facilitate database word searching.

Letter:

Can asbestos tailings be used on roadways where: (a) such material is used in bituminous mixes and covered with asphalt and sand, (b) such material is used in liquid seals and covered with asphalt and sand or (c) such material is used in bases and covered with sand and gravels?

Surfacing or roadways with asbestos tailings is prohibited under all circumstances except for temporary roads located on an area of asbestos or deposits.
